GENERAL PROXY INFORMATION

This Management Information Circular is furnished to holders (the "Shareholders") of voting common shares (the "Common Shares") by the management of ProspEx Resources Ltd. ("ProspEx" or the "Corporation") in connection with the solicitation of proxies to be voted at the annual and special meeting of Shareholders of ProspEx (the "Meeting") to be held at 10:00 a.m. on Tuesday, May 11, 2010 in the Lecture Theatre of The Metropolitan Centre, 333 – 4th Avenue S.W., Calgary, Alberta, Canada, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Meeting.

Solicitation of Proxies

The enclosed proxy is solicited by and on behalf of the management of ProspEx. The persons named in the enclosed proxy form are directors or senior officers of ProspEx. Each Shareholder has the right to appoint other persons or companies and a Shareholder desiring to appoint some other person or company (who need not be a Shareholder) to represent the Shareholder at the Meeting may do so either by inserting such other person's name in the blank space provided in the proxy form or by completing another proper form of proxy.

In order to be valid and used at the Meeting, the completed proxy form must be deposited at the offices of Olympia Trust Company, Suite 2300, 125 – 9th Avenue S.E., Calgary, Alberta T2G 0P6 (fax number: 403-265-1455) at least 48 hours, excluding Saturdays, Sundays and holidays, before the Meeting or any adjournment thereof. Solicitation will be primarily by mail, but some proxies may be solicited personally or by telephone, facsimile transmission or other electronic means by officers, directors or employees of ProspEx at a nominal cost. The cost of solicitation will be borne by ProspEx.

Revocability of Proxies

A Shareholder who has given a proxy may revoke it either by (a) depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing (i) at the registered office of ProspEx (being Suite 4500, 855 – 2nd Street S.W., Calgary, Alberta T2P 4K7) at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof, at which the proxy is to be used or (ii) with the chairman of the Meeting on the day of the Meeting or an adjournment thereof, or (b) in any other manner permitted by law.

Advice to Beneficial Holders of Common Shares

The information set forth in this section is of significant importance to many holders of Common Shares, as a substantial number of Shareholders do not hold their Common Shares in their own name. Shareholders who do not hold their Common Shares in their own name (referred to herein as "Beneficial Shareholders") should note that only proxies deposited by Shareholders whose names appear on the records of ProspEx as the registered holders of Common Shares can be recognized and acted upon at the Meeting. If Common Shares are listed in an account statement provided to a Shareholder by a broker, then, in almost all cases, those shares will not be registered in the Shareholder's name on the records of ProspEx. Such shares will more likely be registered under the name of the Shareholder's broker or an agent of that broker. In Canada, the vast majority of such shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities, which acts as nominee for many Canadian brokerage firms). Common Shares held by brokers or their agents or nominees can only be voted (for or against resolutions) upon the instructions of the Beneficial Shareholder. Without specific instructions, a broker and its agents and nominees are prohibited from voting Common Shares for the broker's clients. **Therefore, Beneficial Shareholders should ensure that instructions respecting the voting of their Common Shares are communicated to the appropriate person or that the Common Shares are duly registered in their name.**

Applicable Canadian regulatory policy requires brokers and other intermediaries to seek voting instructions from Beneficial Shareholders in advance of shareholders' meetings. Each broker or other intermediary has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Shareholders in order to ensure that their Common Shares are voted at the Meeting. In some cases, the form of proxy supplied to a Beneficial Shareholder by its broker (or the agent of the broker) is identical to the form of proxy provided to registered shareholders. However, its purpose is limited to instructing the registered shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Shareholder. In Canada, the majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial

Solutions, Inc ("Broadridge"). In most cases, Broadridge mails a scannable voting instruction form in lieu of the form of proxy provided by ProspEx, and asks Beneficial Shareholders to return the voting instruction form to Broadridge. Alternatively, Beneficial Shareholders can either call their toll-free telephone number to vote their Common Shares, or access Broadridge's dedicated voting web site at www.proxyvotecanada.com to deliver their voting instructions. Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares to be represented at the Meeting. **A Beneficial Shareholder receiving a voting instruction form from Broadridge cannot use that form to vote Common Shares directly at the Meeting – the voting instruction form must be returned to Broadridge or, alternatively, instructions must be received by Broadridge well in advance of the Meeting in order to have such shares voted.**

Although a Beneficial Shareholder may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of such holder's broker (or an agent of the broker), a Beneficial Shareholder may attend the Meeting as proxyholder for the registered shareholder and vote the Common Shares in that capacity. A Beneficial Shareholder who wishes to attend the Meeting and indirectly vote such holder's Common Shares as proxyholder for the registered shareholder, should enter such Beneficial Shareholder's own name in the blank space on the form of proxy provided to such holder and return the same to such holder's broker (or broker's agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

Exercise of Discretion by Proxy Holders

The enclosed proxy form confers discretionary authority upon the persons named therein in respect of amendments or variations to matters identified in the Notice of Meeting and other matters which may properly come before the Meeting or any adjournment thereof. At the time of printing of this Management Information Circular, management of ProspEx knows of no amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Meeting. If any such amendment, variation or other matter properly comes before the Meeting, the shares represented by proxies in favour of management will be voted in accordance with the best judgment of the person voting the proxy.

Record Date

The share transfer books of ProspEx will not be closed, but the board of directors of the Corporation (the "Board of Directors") has fixed March 30, 2010 as the record date (the "Record Date") for the determination of Shareholders entitled to notice of and to vote at the Meeting and at any adjournment thereof. Shareholders of record at the close of business on the Record Date are entitled to such notice and to vote at the Meeting.

Persons who are beneficial holders of Common Shares as of the Record Date will be entitled to vote at the Meeting in accordance with the procedures established pursuant to National Instrument 54-101 - *Communications with Owners of Securities*.

Voting Shares and Principal Holders Thereof

ProspEx has an authorized capital consisting of an unlimited number of Common Shares, an unlimited number of non-voting common shares and an unlimited number of preferred shares, issuable in series. As at March 15, 2010, there were 57,385,162 Common Shares outstanding, and no non-voting common shares or preferred shares outstanding. Each Common Share carries the right to one vote on any matter properly coming before the Meeting.

As of the date hereof, to the knowledge of the directors and senior officers of ProspEx and other than as set forth below, no person beneficially owns, directly or indirectly, or exercises control or direction over, shares carrying more than 10% of the voting rights attached to all equity shares of ProspEx.

According to an Alternative Monthly Report filed February 28, 2010, Franklin Templeton Investments Corp., on behalf of its operating division, Bissett Investment Management, beneficially owns or exercises control or direction over an aggregate of 7,401,259 Common Shares, representing approximately 12.90% of the outstanding Common Shares as at March 15, 2010.

CDS & Co. and CEDE & Co. hold in excess of 10% of the Common Shares for the benefit of their participants.

BUSINESS TO BE ACTED UPON AT THE MEETING

Receipt of December 31, 2009 Financial Statements

The audited financial statements for the financial year ended December 31, 2009 of ProspEx have been forwarded to Shareholders and are available on the Canadian System for Electronic Document Analysis and Retrieval ("SEDAR") which can be accessed at www.sedar.com. No formal action will be taken at the Meeting to approve the financial statements, with the requirements of the *Business Corporations Act* (Alberta) being met with the advance circulation of such financial statements. If any Shareholders have questions respecting the December 31, 2009 financial statements, the questions may be brought forward at the Meeting.

Appointment of Auditors

Shareholders will be asked at the Meeting to pass a resolution reappointing KPMG LLP, Chartered Accountants, as auditors of ProspEx to hold office until the next annual meeting of shareholders or until their successors are appointed, at remuneration to be fixed by the Board of Directors. KPMG LLP has been the auditor of ProspEx since August 13, 2004. During the financial year ended December 31, 2009, KPMG LLP earned \$157,480 in remuneration for performing audit and related responsibilities and \$Nil for tax, consulting and other services not related to audit services.

The resolution appointing auditors must be passed by a simple majority of the votes cast with respect to the resolution by Shareholders present in person or by proxy at the Meeting. **In the absence of contrary instructions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the ordinary resolution appointing KPMG LLP as auditors of ProspEx.**

Election of Directors

At the present time, ProspEx has five directors. Shareholders will be asked at the Meeting to pass a resolution electing five directors. The persons named in the table below are the five nominees of management for election as directors. All proposed nominees have consented to be named in this Management Information Circular and to serve as directors if elected. Each elected director is to hold office until the close of the next annual meeting or until his successor is duly elected or appointed.

Majority Voting

On the recommendation of the Corporation's Corporate Governance and Compensation Committee, the Board of Directors has adopted an individual voting standard for the election of directors. Under such individual voting standard, in the event that any nominee for election receives more "withheld" votes than "for" votes at any meeting at which Shareholders vote on the uncontested election of directors, the Board of Directors will consider the result and, if deemed to be in the best interests of the Corporation and its shareholders, may request that such nominee tender his or her resignation from the Board of Directors in a manner that facilitates an orderly transition. It is anticipated that any decisions necessitated in the circumstances outlined in the preceding sentence will be made within 90 days, and the Board of Directors may fill any vacancy created thereby.

In the absence of contrary instructions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the ordinary resolution electing each of the nominees named below as directors of ProspEx. The Board of Directors does not contemplate that any of such nominees will be unable to serve as a director; however, if for any reason any of the proposed nominees do not stand for election or are unable to serve as such, proxies in favour of management designees will be voted for another nominee in their discretion unless the Shareholder has specified in his or her proxy that his or her Common Shares are to be withheld from voting on the election of directors.

The table below sets out the name of each of the persons proposed to be nominated for election as a director; his municipality of residence; all positions and offices in ProspEx presently held by him; his current principal occupation; the period during which he has served as a director; and the number of Common Shares that he has advised are beneficially owned by him, directly or indirectly, or over which control or direction is exercised by him, all as of March 15, 2010.

Approval of Unallocated Options under Stock Option Plan

The maximum number of Common Shares issuable under the Stock Option Plan, or any other equity compensation plan of ProspEx, is 10% of the issued and outstanding Common Shares from time to time. Under the rules of the TSX, ProspEx is required to seek Shareholder approval of all unallocated Options under the Stock Option Plan every three years after institution. All unallocated Options under the Stock Option Plan were last approved by Shareholders on May 15, 2007. Therefore, ProspEx is required to seek Shareholder approval of all unallocated Options under the Stock Option Plan at the Meeting. Under the current rules of the TSX, Shareholder approval of the unallocated Options under the Stock Option Plan as provided for below will remain valid until the annual meeting of the shareholders of the Corporation to be held in 2013. As the resolution proposed only seeks approval for unallocated Options, in the event the resolution is not passed, Options currently outstanding under the Stock Option Plan would remain unaffected; however, any previously granted Options that are cancelled from time to time thereafter would not be available for re-grant. For a description of the material provisions of the Stock Option Plan, see "Equity Compensation Plan Information".

To be approved, the ordinary resolution approving the unallocated Options under the Stock Option Plan requires the approval of a majority of the votes cast by Shareholders present in person or by proxy at the Meeting. At the Meeting, the Shareholders will therefore be asked to consider and, if thought appropriate, pass the following ordinary resolution:

BE IT RESOLVED THAT:

1. the unallocated options under the stock option plan of ProspEx be and are hereby approved; and
2. any one director or officer of the Corporation is authorized, on behalf of the Corporation, to execute and deliver all documents and do all things as such person may determine to be necessary or advisable to give effect to this resolution.

In the absence of contrary instructions, the persons named in the accompanying form of proxy intend to vote the Common Shares represented thereby in favour of the ordinary resolution set forth immediately above.

STATEMENT OF EXECUTIVE COMPENSATION

This disclosure is intended to communicate the compensation provided to the Corporation's President and Chief Executive Officer (the "CEO"), the Vice President, Finance, Chief Financial Officer and Corporate Secretary (the "CFO") and the three other most highly compensated officers of the Corporation in 2009 (collectively, the "Named Executive Officers") and the directors of the Corporation. For 2009, the Named Executive Officers are the CEO, the CFO, the Vice President, Land, the Vice President, Exploration and the Vice President, Engineering.

Compensation Discussion and Analysis

The Compensation Discussion and Analysis section of this Management Information Circular discusses the role of the Corporate Governance and Compensation Committee, the Corporation's philosophy for executive compensation, the elements of compensation and the objectives for such elements.

Corporate Governance and Compensation Committee

The Board of Directors initially established the executive compensation arrangements as well as approving an overall compensation philosophy for the entire organization of ProspEx following the reorganization of Esprit Exploration Ltd. The Corporate Governance and Compensation Committee assumed this role effective as of January 5, 2005. In general, the Corporate Governance and Compensation Committee considers and makes recommendations to the Board of Directors regarding the compensation arrangements for executive officers, including salaries, benefits, the establishment of bonus targets and allocation of bonuses and grants of stock options, in each case taking into account information supplied by management and obtained by the Corporate Governance and Compensation Committee members independently.

The Corporate Governance and Compensation Committee presently consists of Brian E. Hiebert (Chair), Kyle D. Kitagawa and Ian MacGregor.

Compensation Philosophy

The Corporate Governance and Compensation Committee, guided by the Corporation's compensation philosophy, attempts to ensure that the compensation of senior executives provides a competitive base compensation package and a strong link between corporate performance and compensation, in order to attract, retain and motivate highly qualified personnel. By placing more emphasis on variable compensation, the compensation program results in a greater portion of the compensation of the executive officers being at risk and dependent upon increases in the performance and stock price of the Common Shares.

Elements of Compensation

The Corporation's compensation structure includes four elements: base salary, annual bonus, long-term incentive and benefits.

(i) Base Salary

The Corporation pays a base salary to each Named Executive Officer in recognition of the officer's exclusive, full time employment with ProspEx. The Corporation's philosophy is that Named Executive Officers should be paid at the median level of a group of companies considered to be a peer group to ProspEx. Companies selected for inclusion in this peer group are publicly traded, junior oil and gas exploration companies of a similar size to ProspEx with operations considered to be analogous to those of ProspEx. Salary information for this peer group was collected from public disclosure for the year 2008, and inflated using average salary increases derived from industry salary surveys to provide a benchmark for 2009 salaries.

Companies included in this peer group include:

Anderson Energy Ltd.	Midnight Oil Exploration Ltd.	Storm Exploration Inc.
Angle Energy Inc.	Monterey Exploration Ltd.	Terra Energy Corp.
Berens Energy Ltd.	Open Range Energy Corp.	Vero Energy Inc.
Canext Energy Ltd.	Orleans Energy Ltd.	West Energy Ltd.
Crocotta Energy Inc.	Twin Butte Energy Ltd.	Yoho Resources Inc.
Delphi Energy Corp.	Rock Energy Inc.	
Ember Resources Inc.	Seaview Energy Inc.	

(ii) Annual Bonus

The 2009 annual bonus was specifically designed to incent and reward the successful transformation of the Corporation's asset base towards the capture and development of assets that lend themselves to repeatable, scalable drilling opportunities with full cycle finding and development costs of \$10 to \$15 per proved plus probable barrel of oil equivalent reserves.

The range of annual bonus to be paid is zero to 120% of base salary for the Named Executives.

Subsequent to the 2009 year-end, the Board of Directors accepted a recommendation from the Corporate Governance and Compensation Committee that a \$2.1 million payment be made to employees under the cash bonus program of ProspEx in recognition of 2009 corporate and individual performance.

(iii) Long-Term Incentive

The long-term incentive element of the compensation program is intended to align the interests of the Named Executive Officers with that of the Corporation's shareholders over the longer term, and to provide a retention incentive for each Named Executive Officer. This component of the compensation package consists of grants of options to purchase Common Shares ("Options") as permitted under the Stock Option Plan of the Corporation (the "Stock Option Plan") and applicable stock exchange rules. Numerous factors are taken into consideration by the Corporate Governance and Compensation Committee in determining grants of Options, including: a review of previous grants including the vested and unvested value both at current share prices and potential future prices, the remaining vesting period and time to expiry, overall corporate performance, peer company performance, share price performance, the business environment and labour market, and the role and performance of the individual in question.

A total of 2,309,000 Options were granted to ProspEx employees and the Board of Directors in 2009, including the Named Executive Officers.

(iv) Benefits

The final element of the compensation program is comprised of benefits including: medical and dental benefits; life insurance; short-term disability and long-term disability insurance; vacation days; vehicle and parking allowance; and a group registered retirement savings plan. These benefits are intended to be comparable with those that the Named Executive Officers would enjoy if employed elsewhere in the industry.

Summary Compensation

The following table sets forth the compensation for the Named Executive Officers in 2009. Compensation is shown, where applicable, for services rendered during the financial period ended December 31, 2009.

Notes:

- (a) The option based awards dollar amount was calculated using the Black Scholes model. Under this method of calculating the option based awards, the risk free rate used was the Bank of Canada 3 year bond rate, an estimate forfeiture rate of 10% and a volatility rate based on 252 days of ProspEx Common Share trading prior to the option award.
- (b) Mr. Parkinson was appointed an officer of the Corporation on February 15, 2008.
- (c) Due to the downturn in the economy in 2009, each of the executives reduced their hours and salary in July and August. This reduction in salary and hours was either 10% to 20% of full-time equivalent.

Other than the Stock Option Plan, ProspEx has no other long term incentive, benefit or actuarial plans in place. ProspEx also does not currently have a stock appreciation rights plan for its employees.

The Corporation does not have a pension plan in place, but it does have a group registered retirement savings plan (the "RRSP") which is available to all employees of the Corporation. The Corporation will match contributions made by an employee up to 5% of the employee's salary.

Common Share Ownership Guidelines for Executive Officers

The Board of Directors has established share ownership guidelines for each of the Named Executive Officers. The guideline level of ownership (excluding Options) is the lesser of 12,500 Common Shares or \$50,000 of Common Shares. This level of ownership is required within two years of assuming a position as an Officer of ProspEx. As at the date hereof, each of the Named Executive Officers, is in compliance with the share ownership guidelines.

Executive Employment Contracts and Change in Control Arrangements

Each of the Named Executive Officers has entered into an employment agreement with ProspEx. Pursuant to the terms of each employment agreement, each individual is entitled to (i) an annual base salary, (ii) a discretionary annual bonus as determined by the Board of Directors, (iii) receive or participate in all employee group benefit plans of ProspEx, (iv) receive a car allowance and a parking stall or parking allowance, and (v) the granting from time to time of Options. In the event of termination of employment by ProspEx without just cause, each executive is entitled to a sum of money equal to the amount of the executive's then current annualized base salary, plus the value of all employer paid, group employee benefits. Additionally, all outstanding Options held by the executive as at the date of termination which are vested, or which may become vested during the one (1) year notice period, may be exercised by the executive pursuant to the Stock Option Plan.

In addition, in the event of a change of control of ProspEx, each of the Named Executive Officers shall be entitled, within 90 days of such change of control, to terminate his employment with ProspEx. In such circumstances, ProspEx shall pay a sum of money equal to the amount of the executive's then current annualized base salary, plus the value of all employer paid, group employee benefits, all unvested Options shall become fully vested and be immediately exercisable until the earlier of the expiry date of such Options and one (1) year from the effective date of such change of control. A change of control occurs upon the occurrence of any of the following: (i) the acceptance by the holders of Common Shares representing more than 30% of the Common Shares of any offer for all Common Shares, provided that no change of control shall have occurred if upon completion of such transaction individuals who were members of the Board of Directors immediately prior to such transaction constitute a majority of the Board of Directors following such transaction; (ii) the acquisition, by whatever means, of ownership or control of more than 30% of the Common Shares; (iii) the entering into of an agreement by ProspEx to merge, consolidate, restructure, amalgamate or initiate an arrangement or be absorbed by, into or with another corporation, provided that no change of control shall have occurred if upon completion of such transaction individuals who were members of the Board of Directors immediately prior to such transaction constitute a majority of the Board of Directors following such transaction; (iv) the approval by the Board of Directors or shareholders of ProspEx to substantially liquidate the assets or wind-up the business of ProspEx; or (v) individuals who were members of the Board of Directors immediately prior to a meeting of shareholders of ProspEx involving a contest for or an item of business relating to the election of directors, not constituting a majority of the Board of Directors following such election.

The estimated incremental payment obligation of the Corporation related to the termination entitlements set forth above for each of the Named Executive Officers, assuming that the triggering event took place on December 31, 2009, are as follows:

Named Executive Officer	Payment on Termination or Change of Control (\$)
John W. Rossall	234,197.44
George D.K. Yee	204,499.28
Jean-Paul H. Lachance	208,204.88
R. Bruce McFarlane	208,204.88
Peter C. Parkinson	208,204.88

Performance Graph

The following graph and table compare the percentage change (converted into a fixed investment) in the cumulative shareholder return on the Common Shares (assuming a \$100 investment was made on December 31, 2004) with the cumulative total return of the S&P TSX Composite Index for the period which commenced on January 1, 2005 and ended on December 31, 2009, assuming reinvestment of dividends.

	December 31, 2004	December 31, 2005	December 31, 2006	December 31, 2007	December 31, 2008	December 31, 2009
ProspEx Resources Ltd.	100.00	106.1	134.5	90.9	18.2	36.7
S&P/TSX Composite Index	100.00	124.1	145.6	159.9	107.1	147.2

The overall performance of ProspEx share price has lagged behind the S&P/TSX Composite Index. This trend in underperformance has translated into payment of annual bonuses lower than the maximum contemplated under the Corporation's bonus plan, and has also resulted in Named Executive Officers realizing less value from the long-term incentive component of the compensation program.

Each other non-employee director of ProspEx received an annual fee of \$35,000 in 2009. Directors are reimbursed for actual expenses reasonably incurred in connection with the performance of their duties as directors.

Directors of ProspEx are eligible to be granted Options and non-employee directors currently hold an aggregate of 340,000 Options with exercise prices of \$0.61 and \$0.96 per share. These Options were granted to non-employee directors in 2009.

Mr. Rossall was the only director that was also an employee of ProspEx during 2009 and he received no compensation in his capacity as a director.

Common Share Ownership Guidelines for Directors

The Board of Directors has established share ownership guidelines for the directors of ProspEx. The guideline level of ownership (excluding Options) is 25,000 Common Shares for each director. These shares must be acquired within two years of the director joining the board and 12,500 of the total amount of Common Shares shall have been acquired in the first year of being a director. As at the date hereof, each of the directors is in compliance with the share ownership guidelines.

EQUITY COMPENSATION PLAN INFORMATION

Under the Stock Option Plan, the Board of Directors or the Corporate Governance and Compensation Committee may from time to time designate directors, officers, employees of, or providers of services to, ProspEx to whom Options may be granted and the number of Common Shares to be optioned to each. Options are generally granted for a term expiring on the fifth anniversary of the date of grant and vest as to one-third on each of the first, second and third anniversaries following the date of grant. The details of the Stock Option Plan as at December 31, 2009 is set forth below.

Plan Category	Number of Common Shares to be Issued Upon Exercise of Outstanding Options	Weighted-Average Exercise Price of Outstanding Options	Number of Common Shares Remaining Available for Future Issuance Under Equity Compensation Plans
Equity compensation plans approved by securityholders			
Stock Option Plan	5,260,834	\$2.34	477,682
Equity compensation plans not approved by securityholders			
	Nil	Nil	Nil
Total	5,260,834	\$2.34	477,682

Note:

- (a) The maximum number of Common Shares issuable under the Stock Option Plan is 10% of the issued and outstanding Common Shares (calculated on a non-diluted basis).

The aggregate number of Common Shares reserved for issuance under the Stock Option Plan is currently fixed at a rolling maximum of 10% of the total number of issued and outstanding Common Shares (calculated on a non-diluted basis). The Common Shares in respect of which Options are not exercised shall be available for subsequent Option grants. The term of Options granted shall be determined by the Board of Directors in its discretion, to a maximum of five years from the date of the grant.

The aggregate number of Common Shares reserved for issuance to any one person under the Stock Option Plan, together with all other share compensation arrangements of ProspEx, shall not exceed 5% of the outstanding issue of Common Shares (on a non-diluted basis). In addition, no more than 10% of the outstanding issue of Common Shares (on a non-diluted basis), in the aggregate, may be reserved at any time for insiders under the Stock Option Plan. Further, the number of Common Shares issued to insiders under the Stock Option Plan, within a one year period, shall not exceed 10% of the total number of issued and outstanding Common Shares (on a non-diluted basis). The Stock Option Plan also provides that the aggregate number of Common Shares issued to any one insider and such insider's associates pursuant to the Stock Option Plan, within a one year period, shall not exceed 3% of the outstanding issue of Common Shares (on a non-diluted basis). In addition, the Stock Option Plan provides that the maximum number of Common Shares issuable at anytime pursuant to outstanding Options granted to directors of the Corporation who are not officers or employees of the Corporation is limited to 1.0% of the issued and outstanding shares of the Corporation. As of December 31, 2009, 5,260,834 Options are outstanding under the Stock Option Plan (representing 9.2% of the outstanding Common Shares at that time), nil Common Shares have been issued pursuant to Options granted (representing nil% of the outstanding Common Shares at that time) and 477,682 Options remain issuable under the Stock Option Plan (representing approximately 0.8% of the outstanding Common Shares).

The price per share at which Common Shares may be purchased under the Stock Option Plan (the "Option Price"), as may be adjusted pursuant to the provisions of the Stock Option Plan, shall be fixed by the Board of Directors but under no circumstances shall any Option Price at the time of the grant be lower than the "Market Price" (as defined

in the Stock Option Plan) per Common Share. For purposes of the Stock Option Plan, the Market Price means the closing price of the Common Shares on the TSX (or if the Common Shares are not listed on such exchange, on the stock exchange on which the Common Shares are traded) on the first day preceding the date of grant on which at least one board lot of Common Shares is traded.

If the recipient of an Option ceases to be an eligible participant under the Stock Option Plan for any reason other than cause, death, permanent disability or normal retirement, then options held by such a recipient will terminate either 90 days after they cease to be an eligible participant or the expiration of such Options, whichever is earlier.

In the event of a "change of control" (as defined in the Stock Option Plan), all Options shall immediately vest and be exercisable upon the earlier of the expiry date of the stock option and the date that is 90 days after the date of the change of control.

The Stock Option Plan includes customary anti-dilution provisions.

If the recipient of an Option ceases to be an eligible participant under the Stock Option Plan by reason of cause, death, permanent disability or normal retirement, then Options held by such a recipient will terminate either 12 months after they cease to be an eligible participant or the expiration of such Options, whichever is earlier.

The Board of Directors may amend the Stock Option Plan, subject to obtaining all regulatory and stock exchange approvals and, when required by the TSX or the Stock Option Plan, shareholder approval, provided that no amendment may materially adversely affect the rights of any participant already granted Options under the Stock Option Plan without the consent of such a participant. Options granted under the Stock Option Plan are not transferable or assignable by the recipient other than by the recipient's will or applicable law in the event of the death or permanent disability of such a recipient.

INDEBTEDNESS OF DIRECTORS AND EXECUTIVE OFFICERS

No executive officer, director, employee, former executive officer, former director or former employee is, or has been since inception, indebted to ProspEx or its affiliates.

INTEREST OF INFORMED PERSONS IN MATERIAL TRANSACTIONS

Except as set forth herein, there were no material interests, direct or indirect, of directors or executive officers of the Corporation, any shareholder of the Corporation who beneficially owns, directly or indirectly, more than 10% of the outstanding Common Shares or any known associate or affiliate of such persons in any transaction since January 1, 2009 or in any proposed transaction which has materially affected or would materially affect the Corporation or its subsidiary.

INTEREST OF CERTAIN PERSONS OR COMPANIES IN MATTERS TO BE ACTED ON

Management of the Corporation is not aware of any material interest, direct or indirect, by way of beneficial ownership of Common Shares or otherwise, of any director or executive officer, or anyone who has held office as such since January 1, 2009 or of any associate or affiliate of any of the foregoing in any matter to be acted on at the Meeting other than the election of directors.

CORPORATE GOVERNANCE

Corporate governance relates to the activities of the Board of Directors of ProspEx and the structures, traditions and processes of leadership and stewardship that assign power, define roles and responsibilities governing communications with the shareholders and ensure accountability. ProspEx believes that corporate governance is about creating a culture of openness among all of the ProspEx stakeholders.

The Board of Directors recognizes that effective corporate governance is critical to the continued and long-term success of ProspEx by helping to maximize shareholder value over time. ProspEx continues to update and modify its governance practices in these changing times, but the Board of Directors is also of the view that the general

approach by ProspEx to corporate governance is appropriate and entirely consistent with National Policy 58-201 – *Corporate Governance Guidelines* ("NP 58-201") and National Instrument 58-101 – *Disclosure of Corporate Governance Practices* ("NI 58-101"). A description of the approach of ProspEx to corporate governance with reference to the items required to be disclosed by NI 58-101 is attached to this Management Information Circular as Appendix "A" – Statement of Corporate Governance Practices. Additional information on the Board of Directors and its Committees is set forth below.

In addition, the Corporation has adopted a Code of Business Ethics and Conduct (the "Code") which applies to all directors, officers, employees and consultants. The Code affirms the Corporation's policy that the conduct of every director, officer, employee and consultant is based upon the highest ethical standards. The Code also contains the Corporation's "whistle blower" policy which sets forth the procedure for individuals to make complaints regarding accounting and financial reporting matters or any other matter on a confidential and anonymous basis. Complaints regarding accounting and financial reporting matters are handled by the Chair of the Audit Committee, an independent member of the Board of Directors and complaints other than accounting and financial reporting matters are handled by the appropriate senior officer of ProspEx. Complaints relating to matters other than accounting and financial reporting but involving a senior officer of the Corporation are handled by the Chairman of the Board of Directors, who is also an independent member of the Board.

Board of Directors

Structure and Composition

The Board of Directors is currently composed of five directors, a size that the Board of Directors believes is commensurate with the complexity of the business of ProspEx. The Board of Directors has established criteria for the selection of new directors, and to evaluate current directors, in an effort to foster a diversity of viewpoints and to ensure a depth of business and other valuable experience.

Mandate and Charter of the Board of Directors

The Board of Directors fundamental objectives are to enhance and preserve long-term shareholder value, to ensure ProspEx meets its obligations on an ongoing basis and that ProspEx operates in a reliable and safe manner. In performing its functions, the Board of Directors also considers the legitimate interests of its other stakeholders such as employees, customers and communities may have in ProspEx. In broad terms, the stewardship of ProspEx involves the Board in strategic planning, financial reporting, risk management and mitigation, senior management determination, communication planning and internal control integrity.

The mandate of the Board of Directors, as prescribed by corporate statute, is to manage or supervise the management of the business and affairs of ProspEx, and to act honestly and in good faith with a view to the best interests of ProspEx. The Board of Directors has adopted a written mandate which sets forth the responsibilities and obligations of the Board. The full text of the Board's mandate is attached to this Management Information Circular as Appendix "B". The Board of Directors annually reviews its mandate and considers changes as appropriate.

Meetings of the Board of Directors

The Board of Directors meets in person at least five times annually. In addition to its regular quarterly meetings, the Board meets with the entire management team once per year for a longer session of business discussions and strategy planning. The Board of Directors holds additional unscheduled meetings from time-to-time as business needs require. The Board of Directors had 21 meetings during the year ended December 31, 2009.

Standing Committees of the Board of Directors

The standing committees of the Board of Directors are an integral part of the governance structure of ProspEx as they facilitate effective decision-making by providing recommendations to the Board of Directors on matters within their respective responsibilities. The Board of Directors has two standing committees: the Audit Committee and the Corporate Governance and Compensation Committee. Both of the standing committees have a written mandate which has been approved by the Board of Directors and are comprised of only independent directors within the meaning of NP 58-201.

Members of ProspEx management and the directors that are not committee members are frequently invited to participate in meetings of the standing committees in order to provide insight and information to standing committee deliberations. As a matter of practice, the standing committees conduct a portion of each meeting without management present to facilitate their functioning independently of management.

Committee Composition

Each committee consists of a minimum of three directors and there is a requirement that all committee members be independent. The Board of Directors designates one member of each committee as its Chair. Each member of the Audit Committee is required to be "financially literate" (i.e. possess the ability to read and understand financial statements). The Board of Directors gives consideration to the periodic rotation of membership of each committee and, from time to time as the Board of Directors sees fit, chairmanship of the committees.

Committee Meetings Membership and Attendance

Regular meetings of the committees are to be held throughout the year as required, and the Audit Committee is to meet at least four times per year in conjunction with the review and approval of annual and quarterly financial statements, management discussion and analysis and reports to shareholders. Each committee can hold unscheduled additional meetings from time to time as business needs require or as may be requested by a member of the Board of Directors.

The following table reflects the attendance of each of the directors for the year ended December 31, 2009 for meetings of the Board of Directors.

<u>Director</u>	<u>Number of Board Meetings Attended</u>
Brian E. Hiebert	17/21
Kyle D. Kitagawa	19/21

Corporate Governance and Compensation Committee

The Corporate Governance and Compensation Committee assists the Board of Directors of ProspEx in carrying out its responsibility for ensuring that the mission and strategic direction of ProspEx is reviewed annually and that the Board and each of the committees carries out and functions in accordance with due process. The Corporate Governance and Compensation Committee is also responsible for assessing the effectiveness of the Board of Directors as a whole, each committee of the Board, and the contribution of each individual director. The Corporate Governance and Compensation Committee has the responsibility to address governance issues and also holds the responsibility for identifying, recruiting, nominating, endorsing, recommending appointment of, and orienting new directors. In connection therewith, the Corporate Governance and Compensation Committee is responsible for making such rules and regulations as may be necessary to carry out its responsibilities which include the following:

- director compensation matters.

In carrying out its duties and responsibilities, the Corporate Governance and Compensation Committee:
